Letter from the President

On the eve of an historic election, we are reminded that our democracy is not perfect, and how important are the efforts of the League of Women Voters for making democracy work for all. The League helps you to get registered, get to know the candidates and issues, and get out and vote. During this election season your local League has pursued all of these goals through the tremendous personal effort of our volunteers. Pros and cons publications and speaker events, voter registration, candidate forums, all for the record books. But there is one more thing that you can do, *that we can all do*, and that is to help get the vote out this Tuesday.

You can help by encouraging your friends and neighbors to vote. Often, they look to you for help because they know that the League has resources that can be trusted. Here are some resources to share:

Read Pros and Cons on-line:

And much more is available on our website:

Thank you to all our volunteers! Help us toast their efforts by joining us on Wednesday evening at Don Cuco's Mexican Restaurant in Burbank. Read about our upcoming events in this issue of The Voter and join us!

Election Decompression!

Experts tell us that this presidential election cycle has had a negative effect on Americans' mental health. It's called Election Stress Disorder! They tell us that we can combat this disorder by trying to see other perspectives, appreciating the complexity of the issues we face, and getting in touch with deeper, more humane values (all great League member qualities), but a margarita can also help! Join us!
